EMERALD PLANET WEAR

CAP	\$12.00
T-SHIRT (S)	\$12.00

In the summer of '78, Clay Walker and Scott Fletcher were within 100 feet of the summit of Mt. Kangcheungu when a freak blizzard trapped them on a sheer cliff. Six days later, frozen, exhausted and out of food, they were rescued by an elderly sherpa who nourished them with curried lentils and vegetables wrapped in a tasty pocket. The two young men were so affected by their experience that they dedicated their lives to traveling the globe in search of the finest authentic regional cuisine. The fruits of their labor are now brought to you at The Emerald Planet.

Chinese traditional dishes have been reputed worldwide for their consummate cooking skills and their great variety (more than 10,000 kinds).

We have carefully chosen some of the most delectable and authentic specialties of two major systems: Hunan and Szechuan.

The unique styles of these two major systems always enjoy the high reputation of "one style for one dish and a hundred tastes for a hundred dishes".

Their features lie in the extensive use of materials, the changeability of seasonings, the particularity about cutting skills, the attention to the heat and the abundance in nutrients.

So put in an order and prepare yourself for a great meal!
